Comments:

*Tim - we are extremely pleased with everything about our experience with TAP. From the initial meeting to the day of the event, everything was very well organized and carefully planned. You were extremely professional to work with, and we appreciated how quickly you responded to questions/concerns. You gave us complete confidence in your ability and services, giving us your professional opinion without overstepping bounds. We didn't have any questions or concerns throughout the process that were not addressed. Meetings were productive and very efficient, and we appreciated your flexibility with times/places for meetings. The timeline was clear, detailed, and much appreciated during the planing preceding the wedding. Everything about working with TAP was easy and straightforward. During the event, you maintained control of the crowd and kept everyone dancing without making your presence known - which is exactly what we wanted. We have received several comments after the wedding complementing how fantastic the DJ was. The atmosphere you created with the lighting was great, perfectly highlighting the features of the venue. The best way to describe our experience is that we didn't worry or have to think about the DJ at all during the event. Your organization, attention to detail, and professionalism is remarkable, a testament to the service TAP provides. If we have another event which requires a DJ, we will most definitely seek to hire you again. As far as criticism goes, we have been thinking for 2 months about what to say and can honestly say we have no complaints. We were extremely happy how the night turned out - it was exactly what we wanted. Thank you.*
